## Abstract

Scholarly.work is a "Kind of" institution established and run by Hirosato Matsuura ([mtzhiro](#)) and his colleagues, supporters. This site is a challenge to answer the question: "Is Scholarly.work accepted widely as an alternative, not academic "institute" in academic world?"

## Introduction

"Is Scholarly.work accepted widely as an alternative, not academic "institute" in academic world?" is a question we want challenge and make some solutions. Scholarly.work is a "Kind of" institution established and run by Hirosato Matsuura ([mtzhiro](#)) and his colleagues, supporters. This site is a challenge to answer that simple question.

## Methodology

use ..

Opensource. also see [opensourcefun.club](#) .

Open science. also see Scholarly.work([here](#), [this site](#)) and for example book "[Reinventing-Discovery-New-Networked-Science](#)" (2011).

others..

## Experiment and Results

was used ..

Web / Web3

Opensource. also see [opensourcefun.club](#) .

## Discussion

## Conclusion

hope Scholarly.work work as a "Kind of" institution and also be accepted in academic world..
